## Second Call for Papers

The Asia Pacific Conference on Postgraduate Research in Microelectronics & Electronics (PrimeAsia) is a new initiative of the IEEE Circuits and Systems Society for engaging students. It aims to provide opportunities for postgraduate students to present their research works and to interact with people in the research community and industry. PrimeAsia 2010, sponsored by the IEEE Circuits and Systems Society, will be held from 22 to 24 September 2010 in Shanghai, China, a city hosting WorldExpo2010 from May to October 2010. Papers in PrimeAsia2010 will be presented by postgraduate students, experienced people from academia and industry are warmly invited to attend, in order to create a stimulating environment for favoring exchange of knowledge and mentoring of young researchers. PrimeAsia2010 covers a wide range of topics including, but not limited to, the followings:

- Analog Signal Processing
- Biomedical Circuits and Systems
- Circuits and Systems for Communications
- Computer-Aided Design
- Digital Signal Processing
- Green Circuits and Systems
- Image Processing
- MEMS
- Multimedia Systems and Applications
- Nanoelectronics and Gigascale Systems
- Power Systems and Power Electronic Circuits
- Sensory Systems
- Visual Signal Processing and Communications
- VLSI Systems and Applications

## Paper Awards

All papers will go through a peer review process. Papers rated in top 30% will receive one of the following awards:

Top 10% will receive the GOLD LEAF Certificate
